

## Women's--Aikido--Summertime 2024 in Kniebis (Freudenstadt, Black Forest)

20<sup>th</sup> to 27<sup>th</sup> July 2024 with

### Juta Looser--Bernard (5. Dan)

**Juta Looser--Bernard** (5. Dan) started with Aikido with Noro Sensei, later on continued learning with Christian Tissier. Endo Sensei and Yamashita Sensei have influenced her very much, as much as Philippe Goutard and Luc Mathevet. She has been teaching Aikido since 1980 and has been running her own dojo in Manas, Southern France, for more than 20 years. In 2019, we had a wonderful Women's--Aikido-- Summertime wonderful week with Juta in Kniebis. Juta unites Aikido with ZaZen and Aiki--Taiso — a very rich and special combination!

### Training:

We'll use the very spacious and luminous multi--purpose hall in the village of Kniebis as a dojo. We can place more than 100 square meters of tatamis — so enough space for many women!

### Accommodation:

The Naturfreundehaus, which offers a splendid view, is located at about a 20 minute walk from the dojo in the midst of the Black Forest ([www.naturfreundehaus--kniebis.de](http://www.naturfreundehaus--kniebis.de)). We'll be the only guests during that time. There are single and double rooms as well as rooms for three to four women at our disposal. Single rooms are given subject to availability. You can bring your own sheets and towels — or rent them on the spot for 7€. Unfortunately, pitching a tent won't be possible.

### Training schedule

We propose the following schedule, which is, of course, subject to change:

- 9.00 — 9.20 Meditation
- 9.30 — 11.00 Aikido
- 11.00 — 11.15 break
- 11.15 — 12.00 Aikido
- 12.00 — 12.15 break
- 12.15 — 12.45 Bokken and Jo
- 12.45 — 13.15 break
- 13.15 — 13.45 Aiki--Taiso (centering, grounding, relaxation, breathing)

In 2019, we already had the same training schedule in Southern France. Some of us worried that the time between breakfast and a warm lunch could be too long. But ultimately, everybody managed well since there were small snacks during breaks such as fruit etc. This will be the case in 2024 too. Afternoons are free. We also receive a local guest card, which allows us to use all public transportation without cost. We would be happy if we had again as many interesting "Fifth Hours" as in previous years. We could have one e.g. around 6/6.30 p.m.

### Duration of course

Arrival Saturday 20<sup>th</sup> July, starting at noon. First joint meal around 7.30 p.m.  
Departure Saturday 27<sup>th</sup> July, before noon.

### Meals

Susanne Peschkes, whom some of you know already, will prepare two warm meals for us, vegetarian and organic.

### Cost

Total: 580-620€.

There will be no charge for the hall and the tatamis — a big thank you to the Aikido--training group Freudenstadt e.V.!

We have a well--functioning system of solidarity, which allows us to reduce costs for those in need. Don't hesitate to contact us if you have special financial needs. Single rooms will be offered due to availability. Training fee without overnight stay on request.
